COUNTY CREATES DISASTER PREPARATION VIDEO *Television Show Addresses Bioterrorism Concerns*

The County Television Network (CTN) will air a half-hour special that addresses the roles of the County and the public in the event of a disaster or bioterrorism attack.

The program, called "Disaster & Bioterrorism: San Diego County Responds", shows how citizens, the public sector and the private sector work together to deal with disasters and how different agencies come together to address the community's needs.

Beginning Monday, August 9th, and through the month of September, the show will air Monday through Friday at 5:30 p.m. Viewers can log onto www.ctn.org for additional viewing dates and times.

CTN is an award-winning network that provides a wide array of government and public interest programming that is valuable and often essential to San Diego County residents – 24 hours a day, 7 days a week. Viewers can watch CTN on Time-Warner Channel 22, Adelphia Channel 66, Cox Cable 19 in North County and Cox Cable 24 in the southern part of the county.
